# t25 DIGITAL PULL TESTER

## GO DIGITAL!

Going digital will save time and provide traceability for you, your team, and your customers. The t25 Digital Pull Tester is perfect for accurately testing safety eye bolts, scaffold anchors and construction fixings up to 25kN (5620 lbf). It's easy to use, cost effective and with the free App, it's a no brainer!

**Stáht Connect App test reporting system, for Android and iOS, included as standard.**

Superfast reliable Bluetooth connection to your device makes recording your test results simple and fast. The data is stored in the cloud for easy access and retrieval on your mobile or web dashboard. The In-App report generation & PDF downloads, gives ability to easily share with managers and clients, providing comprehensive verification & traceability.
